

## Add 100 permanent games and activities to your playground.

**W**ith the Peaceful Playgrounds™ Program Kit, you can transform your playground into a colorful arrangement of games kids love to play. Design permanent playground activities that help make activity time more positive and productive: hopscotch, four square, basketball, and handball are just a few of the nearly 100 activities that can be added. The program is intended to maximize the number of students involved in physical activity, rather than having them wait in line, or just stand around talking.

Each of 4 Blueprints/Activity Guides assists you with measurements, layout, spacing, game placement, and overall design. Also included are conflict resolution strategies, teacher training and playground supervisor training materials to complete the package and insure success! Set up is easy and can be done by members of the school staff and parents.

**“Burning off energy  
makes kids more focused  
when they return to class.”  
—Garrett 1998**

To insure success, all  
five components of the  
Peaceful Playgrounds™ Program  
should be implemented.

1. **Consistent Set of Rules**—Found in the Activity Guides.
2. **Solution to Conflicts**—Appropriate interaction requires that all students are taught skills for dealing with playground conflicts. For most situations, there are three options: Walk, Talk, or use Rock, Paper, Scissors.
3. **Game Markings**—Well marked game lines and boundaries are a must. Blueprints for the entire layout are included as well as stencils for painting the game details.
4. **Equipment Available**—Most educators agree that books, paper, and pencils are necessary for successful academic instruction. The playground requires appropriate equipment for successful game participation.
5. **Consistent Expectations**—It is especially important that the Peaceful Playgrounds™ program is implemented schoolwide. A training program is included as part of the Peaceful Playgrounds™ kit.

With 100 game choices,  
kids have lots to do and few conflicts.

---

## Game Choices Include:

### PRESCHOOL & KINDERGARTEN

Alphabet Grid • Balance Beam Snake • Crossover Walk • Directionality Box • Galloping Track • Hopscotch • Jumping Grid • Leap Frog • Mid-line Jumping • Multi-use Circle • Number Grid • Scattered Circles • Scramble • Shape Grid • Side Stepping • Stepping Stones with Letters • Tricycle Track • Zig Zag Footprints

“This program delivers all the name promises.”

—Principal Dr. Joanne Culverhouse, NV

## Product Descriptions:

### STENCILS

- The 41 stencils are 12" high and consist of letters, numbers, feet and shapes for the detail work. All large games are measured out and marked.

### BLUEPRINTS

- The 4 blueprints assist you with measurements, layout, spacing, game placement, and overall design. Additionally the blueprints are age appropriate and insure that appropriate game activities are available to all children.

### ACTIVITY GUIDES

- The Activity Guides provide a consistent set of rules for each game and give a program overview as well as, good sport coupons, good sport certificates, playground report forms, equipment lists to name a few.

### STAFF DEVELOPMENT PROGRAM

- The staff development program consists of a Peaceful Playgrounds™ Overview video, and blackline masters of overhead transparencies, facilitator notes, and participant handouts. There are two staff training programs one for the playground supervisors on “How to supervise the playground,” and the general Peaceful Playgrounds™ Program training package.

Set up is easy and can be done by members of the staff and parents.

#### U.S. MAP STENCIL

This paper stencil comes in eight sections and has holes that define the detailed borders of the 50 states and the Five Great Lakes.

- Continental U.S. (48 states) covers an area 16' x 27'
- Alaska and the Hawaiian Islands covers an area 35' x 36'
- Scale 1 foot equals 100 miles

#### PAINT TIME

Approximate painting time 5 hours with 3 adults

#### FUN AND EDUCATIONAL

Encourages educational classroom projects

- Paint rivers, mountains, lakes and deserts

#### POLITICAL

Identify major cities and state capitals

#### ECONOMIC

Identify dams, major crop areas, products and resources

#### SCIENTIFIC

Locate species habitats and animal and bird migration routes

#### HISTORICAL

Draw explorer routes and places of historical interest

#### PAINTING DIRECTIONS

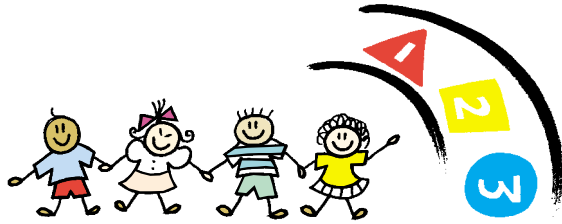

Approximate paint quantities for U.S. Map

Color	Quantity
Green	1 gallon
Yellow	1 gallon
Pink	1 gallon
Orange	1 gallon
White spray paint	4 cans

#### PAINT SPECIFICATIONS/RECOMMENDATIONS

1. Do not use inexpensive discount store paint. Purchase from a Lowes, Home Depot or quality paint store. Ask clerk for recommended paint for painting on blacktop or cement. Also, ask for a discount suggesting that this is a "local school project." You want to ask for "strippers" paint. This is paint used for stripping parking lots.
2. Sweep and wash down the area the day before painting. Use broom and do a final sweep before painting.
3. Use chalk to fill in the dots that outline the states. The only dots on the USA stencil that need to be connected are the small New England states.
4. If a concrete surface less than two years old is being used for the stencil you will need to use a primer-sealer. Ask the paint dealer for the best type to use with the paint you have purchased.
5. With new asphalt let it cure for at least one month before painting.

**peaceful playgrounds™**

**“Everybody plays by the same rules.  
That alone makes a big difference.”**

—Gerri McGuire, Playground Supervisor, Menifee, CA

**R**esearch indicates that children play by many different sets of classroom rules and even ones that they invent themselves. Without regulation and adult intervention, arguments and injury are inevitable and contribute to the frustration of all participants.

“We have found that lots of playground problems are directly related to the fact that most playgrounds simply don’t have enough for children to do.”

—Melinda Bossenmeyer, Ed.D.,  
Peaceful Playgrounds™ designer

Well marked game activities provide increased motivation for children to enter into an activity and become engaged in purposeful play, thus cutting down on playground confrontations and injuries.

**“Our teachers  
have been able to spend  
more time teaching  
and less time  
settling playground disputes!”**

—South Elementary School, IL

## **Award-Winning Program**

“Golden Bell” Exemplary Program Award

—California School Boards Association

“Friend of Recreation”

Exemplary Program Award

—American Association of Leisure a Recreation

NY State “Sharing Success” Award

—New York State Department of Education

- Reduction in Office Referrals
  - Reduction in Injuries
  - More Children Active
- Fewer Playground Arguments
  - More Time for Learning

## **School Violence Reduction**

“Educators are finding that reduced confrontations on the playground results in reduced tensions in schools.”
