

Take Action During Every Kid Healthy Week

Launched by Action for Healthy Kids (AFHK) in 2013, Every Kid Healthy Week is an annual observance on the calendar of National Health Observances that celebrates school wellness achievements. Observed the last week of April each year, this special week shines a spotlight on the link between nutrition, physical activity, and learning and the great efforts schools are making to improve the health and wellness of students—because healthy kids are better prepared to learn!

How Can My School Take Action to Join the Celebration?

Every Kid Healthy Week is all about celebrating your school's wellness initiatives and inspiring new ideas to promote healthy eating, physical activity, and social emotional health. Parents and schools can show their commitment to wellness by hosting an event that focuses on healthy kids and families. Parents and family members can volunteer to help their kids' schools host an event, then keep the celebration going at home. Check out some event ideas below and visit everykidhealthyweek.org to get started. There, you'll find our planning toolkit and checklist and tons more resources to help you plan the best Every Kid Healthy Week event yet — all free!
