

KAISER PERMANENTE®

National School District Wellness Coalition

2025 Annual In-Person Convening

Your Place to Act, Connect, and Transform

Columbus, OH

November 12–14, 2025

This Is Where District Leaders Take Action for Kids' Health

The 2025 NSDWC Convening brings district champions together to take bold steps for whole child health. More than a conference, it's a community of leaders and learners where bold ideas turn into action, and action creates strategies you can bring back to your districts.

Experience You'll Take Home

- **Proven strategies to act on now:** from student mental health and nutrition education to staff wellness and family engagement
- **Inspiring presentations:** insights from keynote speakers who are leaders in the space of child health and wellness
- **A spotlight on action:** site visit to Columbus City Schools
- **Guidance from experts:** including Kaiser Permanente and other national leaders
- **Connections that drive impact:** build relationships with peers who share your commitment to whole child health

Highlights You Don't Want to Miss

- New interactive activities to activate connection, conversation, and community among participants.
- Roundtables to generate fresh solutions to shared challenges.
- Breakout sessions on WSCC pillars including nutrition, physical activity, mental health, and staff wellness.

How to Attend

Regular registration closes November 7. Districts that register 3 or more attendees receive additional savings. [Scholarships are also available.](#)

Additional Convening Logistics

- Networking reception and meals included
- Scholarships and group hotel rate available

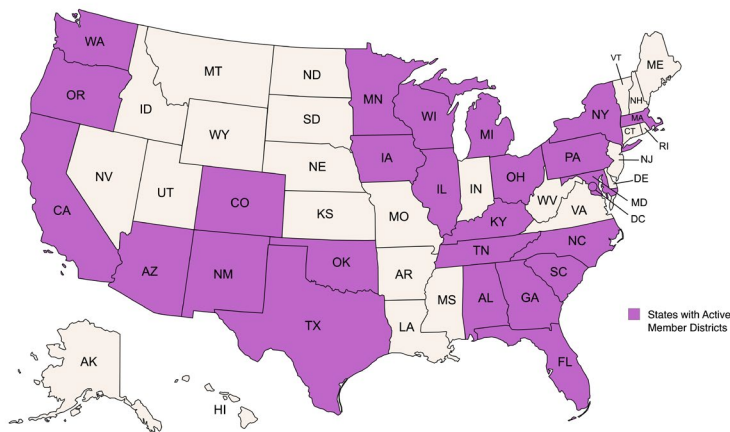

THERE'S MORE! >>>

Who You'll Meet

The Convening is for NSDWC members, including district leaders, superintendents and administrators, and other key district-level individuals who are committed to creating healthier schools. If you're driving change for kids and want to attend, reach out to us.

Where Action Creates Impact

This convening is a dynamic space to accelerate ideas, strengthen collaboration, and develop solutions that last. Here, you'll engage with colleagues, gain bold strategies and fresh perspectives, and leave ready to put health into action to move your district forward.

Scholarships Available

Funding is limited.

Our goal is to support attendance from as many districts as possible.

Tell us how a scholarship would help your work.
